Terrible Times Table Workbook

A Modern Multiplication Primer

- By Michelle Markel
Illustrations by Merilee Liddiard

A modern multiplication workbook that follows the terrors of a typical school year

5 X __ is 5 A roach—and it's alive!

5 X 2 is __ Mystery meat again.

5 X __ is 15 My nose has grown a bean.

This terrific multiplication workbook, adapted from the book *Terrible Times Tables*, is a modern primer for learning one's multiplication tables, from numbers 2 through 9. Featuring elementary school themes, a reluctant narrator, and a few unwitting critters, learning math has never been so fun or funny. Just follow the narrative prompts and fill in the numeric answers!
