River of Love

RIVER OF LOVE is a supernatural Love story about a fierce Indigenous Mexican American girl growing up in a white Colorado town during a youth-led cultural revolution of the 1970s. It's a Love letter to the Southern Rocky Mountains, to the Spirits, to a close-knit family, and even to youth itself. The Arkansas River is a vital character, as is the environment, and wisdom of the ancestors. Things that happen when you're young seem so much more important because they're happening for the first time. Indigenous Mexican Americans straddle two very different cultures; this story focuses on how we are all connected. Power is lost by moving in a forward direction the whole time looking backward. Mistakes are portals of discovery. Trust The River ~The Flow ~ the Lover, to be in the present, trying not to make things happen, to not push The River. Let things come and go on their own, to flow like a riverbed. The story culminates with the high school friends gathering at a 40th school reunion. Attachments are invisible threads that reach through dimensions of space and time. Infinite Love shapes our lives. Love is what we are made for, and Love is who we are. What if caring for each other is the summit? At all costs stay connected.

How To Grow Your Church In 28-Days Guaranteed

Why do some churches grow while most don't? If you think it's just "spiritual" or "God's blessing", you might want to think again. YES, of course God's blessing is vital. But there are proven, practical 21st-century tactics that are effective in reaching and connecting with people. If you do them, they work! If you do them regularly, your church will grow.

Let's be honest, 50 years ago, American culture was relatively similar to church culture. The differences were not all that great. Not so today. If you think just showing up and hanging an "Open for ministry" sign on the door is all it takes to reach people, think again. Whether the sermons are stunning or just so-so, whether the worship is humming or ho-hum, your church can be effective in attracting and retaining more people and having an impact in your community.

Jesus gave us the command to go and make disciples... He's also given us the tools and the tactics to accomplish the mission. With refreshing clarity and honesty, this book will provide you with 28 executable action items you can do that will cause your church to grow — GUARANTEED.

Dear Abishag

These 30 women have something to say to you...

If you've been around church any length of time either as a child or an adult, you've undoubtedly heard many of the most famed stories of faith, heroism and love: David and Goliath, Daniel in the Lion's den, Jesus walking on water and more.

Yet tucked within the pages of Scripture are little-known jewels – stories of women whose lives have something to say to us today. Their conquests, their pain, their struggles can speak life to us.

These are their stories – artfully outlined in the form of a letter written to them. Use these compelling letters as a daily devotion to build your faith, renew your hope and cause tears of joy and celebration to rise within your soul.

A Voice Beyond Weeping

Who you are is shaped by where you've been

For better or worse, our family, our heritage, our childhood experiences shape us. How often have you found that your strengths as well as your insecurities, fears, and flaws have deep roots in the story of your past.

Here, Roberta Damon masterfully and poignantly takes you on a journey of discovery from her upbringing in the Depression-era dust plains of Oklahoma.

Through the telling, Damon skillfully slips back and forth through time and her subtle choice of events provide both causes and results to become obvious tools for you to assess your own story of pain, suffering, and victory.

You will find yourself thoroughly engaged in the gripping telling of this story including the discovery of the third of the author's three mothers, her growth from infancy to significant adulthood set against the backdrop of faith and redemption.

Theirs Is The Kingdom

A Fictionalized History of the Early Christian Church

The year was 43 A.D., only two years after Claudius was installed as emperor of Rome. A century earlier, Caesar attempted to conquer Britain. If Claudius could accomplish what the greatest Roman general had only tried, he would be assured of greatness. As a result of Roman invasion, a British ruling family lead by Caractacus is relocated to Rome where his princess daughter Gladys sparks a romance with a Roman senator. Within this setting a radical Roman named Paul shares the good news of new life offered by a Jewish rabbi who was recently crucified in the occupied territory of Judea yet rumored to be alive.

Roberta Damon skillfully blends historical facts with fictional characters to create a masterful, inspiring and educational read!
